

## More Options. Less Ground Time.

Summit Aviation's 9,200 square foot state of the art paint facility was built in 2010, allowing the Middletown, Delaware company to offer full-service interior and exterior paint capabilities for Bell, Airbus, Sikorsky, Boeing and MD helicopters as well as on Pilatus, Cessna, Beechcraft King Airs, Beechjets and other light jet model aircraft, up to a Challenger 600. Summit Aviation offers customized packages and competitive pricing, using environmentally friendly strippers and paints, with premium brands such as DuPont and Sherwin Williams.

With over 75 years of combined experience, Summit Aviation's skilled professional aircraft painters have a proven record of quality performance including project planning, design and schematics, stripe layouts, decals, logos, silk screening and more. Portfolio and references are available upon request.

**Contact Summit Aviation to discuss how our state-of-the-art paint facility can make your aircraft soar to the next level.**
